

TEDxCapeTown after-party line-up announced

The line-up for the TEDx after-party has been announced. TEDx is the big ideas conference to be held at the Baxter Theatre on Saturday, 21 July, 2012. This year's theme will be "What We Play Is Life".

To close a day of thought-provoking and inspirational stories, we pledge to go loudly into that good night, with a playground of sounds to indulge the happy hearts, open minds and add a little bit of body to an all-encompassing and enlightening experience.

On the bill, a selection of Cape Town's finest electronic musos, revered for their taste in music, appreciation for creative genius and a penchant for making the fun find your feet.

This is not an ordinary after-party.
