

The Africa Channel launches on Canada's Ignite TV

The Africa Channel will serve viewers in Ontario, New Brunswick, and Newfoundland after being launched on Rogers Communications' Ignite TV.

The Africa Channel features unique English language Pan-African television series, specials, documentaries, feature films, music, biographies, historical and cultural content.

Based in Los Angeles, The Africa Channel is available in approximately seven million homes in the USA and Caribbean, on cable systems such as Comcast, Charter/Spectrum, and the Caribbean Cable Cooperative.
