

Strategic Brand Solutions launches miniature sports stadium

Fan Fair is a state of the art, miniature sports stadium, destined for prime locations. Malls, Universities, Fields - you name it!

It gives consumers and fans the opportunity to view sport in a comfortable and exciting environment. Fan Fair aims to create huge brand awareness in prime locations as well as the opportunity to implement effective marketing strategies.

It is not just a case of screening major sporting events - the state of the art stadium will allow the brand to devise exciting experiential activities.

The Fan Fair stadium transforms space into an exciting and interactive environment, ready for crowd participation! The attachable net allows for ball games and activities. Just another way to kick off your activation! Fan Fair also provides the brand with massive sponsorship and branding opportunities.
