

Capricorn fm in gauteng

Is there a room for capricorn fm in Gauteng

I just heard that Capricorn fm will be extending to Gauteng from 1 November, I just want to check from you guys if you think it has any room for listeners?? Think about the Ashiffa Breakfast Show in comparison to the rest of the Breakfast Shows...My honest answer is that only people from Limpopo especially Venda will listen given the fact that the station also has a lot of Venda DJ's.
