On stage, Sorbet brand manager Kirsten Wills warmly welcomed the guests and emphasised the significance of sun care, stressing the importance of incorporating sun protection into one's daily skincare routine. The 'Don't skip the sunscreen' campaign aims to encourage individuals of all ages, both men and women, to prioritise good sun-care by starting their day with sunscreen. Here are some tips and benefits of using sunscreen.

- It helps to reduce skin from harmful UV rays.
- It prevents premature aging; UV rays can cause wrinkles, fine lines, and age spots.
- It prevents sunburn: painful, red skin is no fun and can lead to long-term damage.
- It helps prevent skin cancer: UV exposure is a leading cause of skin cancer.

So, when you apply sunscreen, you're not just pampering your skin; you're taking an essential step in protecting your long term health and beauty. Don't underestimate the power of SPF, make sun care a daily habit, because your skin deserves best. Cultivate sun-smart habits and let nothing dull your sunshine. Unlock a world of sun-safe adventures with Heliocare.

Here are three essential steps to help you embrace the sun without worries:
