

# IT News Africa revamps video

IT News Africa revamps video section for a more streamlined experience.

Africa's technology news leader, IT News Africa, has revamped its [video section](#) in order to offer viewers a more streamlined experience.

When accessing the newly revamped video section, viewers will gain access to interviews with bespoke local and international leaders within the ICT industry. To add to the content, viewers will gain access to thought-provoking roundtable sessions and industry leading technology talks.

In the past, IT News has interviewed industry leaders from around the globe at industry leading international events. These include: Intel ISEF (Phoenix, Arizona), Citrix Synergy (Las Vegas, Nevada), Mobile World Congress (Barcelona, Spain), Huawei Cloud Congress (China).

Within the section, you will find video interviews featuring top-tier executives, including:

- Thabo Mbeki, former President of South Africa
- Ebi Atawodi, GM for Uber Nigeria
- Nicola D'Elia, Middle-East and Africa regional GM, Airbnb, South Africa
- Christ Daniels, vice president for Internet.org at Facebook
- Fredrik Jejdling, president and regional head Ericsson sub-Saharan Africa
