

Patrón hosts afterparty at Audi Joburg Fashion Week

The ultimate stylish soiree recently took place when Patrón, the ultra premium tequila, played host to the afterparty for chic local label Fundudzi, following a successful showing at Audi Joburg Fashion Week.

Taking place at one of Joburg's trendiest venues, Louis XVI, the guest list reflected the uber stylish, with creatives from the country's leading fashion bibles, Joburg's trendiest movers and shakers and high profile celebrities all in attendance.

Top Billing presenter Dhiveja Sundrum, Survivor contestant Izak Davel, hot model Precious Makgaretsa and singer and actress Lucia Mithiyane were just a few of the celebrity guests spotted at the event who were tantalized with tasty canapés from Louis XVI's French inspired menu while sipping on specially concocted Patrón cocktails.

Called the Perfect Patrón Maguerita, the cocktail featured Patrón Reposado Tequila which is aged in oak barrels for six months and combines the fresh clean taste of Patrón Silver with a hint of the oak flavor found in Patrón Añejo.

Ice sculptures carved in the distinctive shape of the Patrón bottle added a swish touch to the afterparty décor and guests relished pouring shots of Patron XO Café through the vessels as DJ Tumi Morule spun chic tunes on the decks.
